Honorable Darrell Issa  
Chairman  
House Committee on Oversight &  
Government Reform  
2157 Rayburn House Office Building

Honorable Joseph Lieberman  
Chairman  
Senate Committee on Homeland Security &  
Governmental Affairs  
340 Dirksen Senate Office Building  
Washington, D.C., 20510

Dear Chairman Issa and Chairman Lieberman:

We are writing to request that the Committees which you chair submit additional requests for documents from the Department of the Treasury and the Pension Benefit Guaranty Corporation (PBGC) on matters pertaining to the unjust termination of Delphi Salaried Retiree pensions in the federal government's bailout of General Motors.

As you may know, the pensions of Delphi Salaried Retirees were significantly reduced in the aftermath of the bailout, while their union counterparts were made whole. These retirees, regardless of labor affiliation or not, spent their careers working alongside one another and should not be treated differently in their retirement. This decision of the Auto Task Force, Treasury, and the PBGC continues to affect roughly 20,000 current and future retirees across the nation.

Given the nature of the correspondence made public at the House Committee's hearing on July 10, 2012, and in recent press reports, it is our hope that these additional requests will yield a thorough production from the Treasury and the PBGC. We believe that these requests will ensure that Congress is provided full and complete disclosure and that these agencies are held accountable to the American taxpayers.

Thank you for your continued dedication to this issue and for the Committees' ongoing efforts on this important matter.

Sincerely,

Michael R. Turner
