The White House
1600 Pennsylvania Avenue NW
Washington, DC 20502

Dear Mr. President,

We are writing to express our support for ratification of the New START Treaty and full funding for the modernization of our nuclear weapons arsenal, as outlined by your updated report that was mandated by Section 1251 of the Defense Authorization Act for Fiscal Year 2010.

We also ask that, in your future budget requests to Congress, you include the funding identified in that report on nuclear weapons modernization. Should you choose to limit non-defense discretionary spending in any future budget requests to Congress, funding for nuclear modernization in the National Nuclear Security Agency's proposed budgets should be considered defense spending, as it is critical to national security and, therefore, not subject to such limitations. Further, we ask that an updated 1251 report be submitted with your budget request to Congress each year.

We look forward to working with you on the ratification of the New START Treaty and modernization of the National Nuclear Security Agency's nuclear weapons facilities. This represents a long-term commitment by each of us, as modernization of our nuclear arsenal will require a sustained effort.

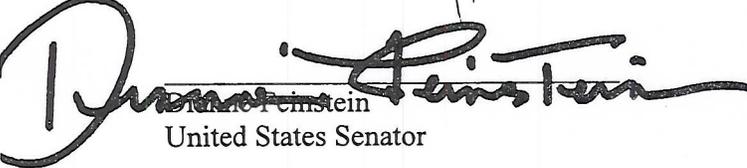

Sincerely,

Daniel Inouye
United States Senator

Thad Cochran

THE WHITE HOUSE

WASHINGTON

December 20, 2010

The Honorable Lamar Alexander
United States Senate
Washington, D.C. 20510-4206

Dear Senator Alexander:

Thank you for your letter regarding funding for the modernization of the nuclear weapons complex and for your expression of support for ratification of the New START Treaty.

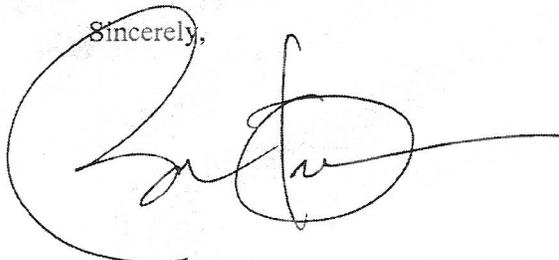

As you know, in the Fiscal Year 2011 budget, I requested a nearly 10 percent increase in the budget for weapons activities at the National Nuclear Security Administration (NNSA). In May, in the report required by Section 1251 of the National Defense Authorization Act for Fiscal Year 2010, I laid out a 10 year, \$80 billion spending plan for NNSA. The Administration submitted an update to that report last month, and we now project over \$85 billion in spending over the next decade.

I recognize that nuclear modernization requires investment for the long-term, in addition to this one-year budget increase. That is my commitment to the Congress – that my Administration will pursue these programs and capabilities for as long as I am President.

In future years, we will provide annual updates to the 1251 report. If a decision is made to limit non-defense discretionary spending in any future budget requests, funding for nuclear modernization in the NNSA weapons activities account will be considered on the same basis as defense spending.

In closing, I thought it important for you to know that over the last two days, my Administration has worked closely with officials from the Russian Federation to address our concerns regarding North Korea. Because of important cooperation like this, I continue to hope that the Senate will approve the New START Treaty before the 111th Congress ends.

Sincerely,

A handwritten signature in black ink, appearing to be Barack Obama's signature, written over the word "Sincerely,".
