May 10, 2024

The Honorable Tom Cole
Chairman
House Appropriations Committee
H-307 The Capitol
Washington, DC 20515

The Honorable Rosa DeLauro
Ranking Member
House Appropriations Committee
1036 Longworth House Office Building
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the Ohio Advanced Air Mobility (AAM) Infrastructure Planning Project in fiscal year 2025. The entity to receive funding for this project is the City of Springfield, located at 76 E. High Street, Springfield, Ohio. 45502

The project will help to ensure the future well-being of the United States' economy through quality control, industry standards, and new technological processes dependent on fundamental scientific and engineering research. The project is committed to supporting the goals of scientific progress and public safety through standardization and precise measurement methodology. Voluntary consensus standards for unmanned aircraft systems are integral to the safe operation of such technology within populated areas, and the project is supportive of such standards being employed, tested, and advocated for.

The project has a federal nexus because the funding provided is for purposes authorized by Section 272 of Title 15, United States Code

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink that reads "Michael R. Turner".

Michael R. Turner (OH-10)
Member of Congress
