Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the Southwest Ohio Integrated Microsystems Workforce & Research Center in fiscal year 2024. The entity to receive funding for this project is University of Dayton located at 300 College Park, Dayton, OH, 45469. The funding would be used for equipment to provide specialized educational experiences, in consultation with subject matter experts from Intel, to accelerate advanced manufacturing success in our region. The project is an appropriate use of taxpayer funds because it assists industry in the development of technology and procedures needed to improve quality of product and business growth in the region.

The project has a Federal nexus because the funding provided is for purposes authorized by section 272 of title 15, United States Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink that reads "Michael R. Turner".
