Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the Advanced Materials Research Laboratory (C2A) Planning & Design in Fiscal Year 2027. The entity to receive funding for this project is Wright-Patterson Air Force Base, located at 4375 Chidlaw Road Wright Patterson Air Force Base, OH 45433. The funding would be used for planning and design of a multi-story laboratory and research facility to accommodate requirements of the Air Force Research Laboratory's Materials and Manufacturing Directorate. The project is an appropriate use for federal funds because advanced materials research is critical to the mission of the United States military and because it will help ensure that the Department of the Air Force can maintain cutting edge research supporting development of next generation weapons systems without falling behind our military adversaries in these fields.

This project has a federal nexus because the funding is provided for purposes authorized by 10 U.S.C. Chapter 169.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in black ink that reads "Michael R. Turner".
